

Dismissal Procedure

Please review our dismissal procedure.

Students participating in multiple dances will exit the theatre with the final group they perform with. Caregivers can meet dancers on this level. As a general guideline, older students will be located on the upper concourse and younger students on the lower concourse.

Younger Students

After the show, students will be brought to the lower concourse where they will meet their parents. **Please look for appropriate signage with the song name; this is where the students will gather to be dropped off and picked up.**

At the end of the recital, please DO NOT overcrowd the lower concourse entrance. This is very frustrating for the helpers responsible for the students well being. Please be patient. It takes time to gather belongings and our volunteers will be doing their best to deliver students efficiently.

Older students

After the show, students will exit the theatre through the upper concourse. **Please exit the theatre and wait in the upper lobby. This is where the students will gather to be picked up.** Students will be out as quickly as possible.
